To Whom it May Concern:

Please accept this letter and my personal recommendation for Logan Peterson. Logan worked with me at IDEXX Veterinary Software and Services as a Customer and Technical Support Specialist Intern in 2019 and 2020. Logan was full time during school break times and worked part time with his school schedule.

Logan is highly self-motivated and very reliable. He has gained a great deal of customer service experience and combines that successfully with technical knowledge and expertise. Logan is a quick study and successfully takes challenges and incorporates them into a good customer experience overall.

Logan welcomes opportunities and balances personal and professional growth with continuing to complete the day to day duties of his position.

If you would like additional information that I can provide as a personal resource for Logan please feel to contact me at 715-895-9307 ext. 59307.

Sincerely,

Jennifer Kagarise  
Customer and Technical Support Supervisor  
IDEXX VSS
